COURSES IN ENGLISH:

[UNDERGRADUATE COURSES](#)

[MASTER COURSES](#)

For additional courses, which are taught in Serbian, international students are given the option to have individual consultations with the teachers as guidance for preparing an exam in the English language. After passing the exam, the student receives an official grade report with the credits earned. This method has proved to be very successful for numerous international students.

COURSES IN SERBIAN: [Undergraduate](#), [Master](#), [PhD](#)

Note: not all courses are available in this form of teaching. Please, contact the coordinator to check whether your selected courses are available.

Incoming students can choose any of the courses listed in the Curriculum, regardless of the department or year the courses belong to, as long as the consultations and exams in those courses can be provided in English.

Mobility is available through:

- Bilateral Cooperation agreements
- [CEEPUS](#) (Central European Exchange Program for University Studies)-AMADEUS network
- [ERASMUS+](#)
- [Magellan Exchange](#)
- Students from institutions which do not have signed agreements with EKOF or do not belong to the same networks can also come as *freemover* students.
